

— **Specialist for data security and IT processes**

Berlin, Germany

About COUP:

COUP is bringing the fun of driving back into urban areas. As a wholly owned subsidiary of Robert Bosch GmbH, the eScooter sharing service started a new business area in the field of mobility services in August 2016. The electric scooters enable users to save time in city traffic and are a fantastic addition to existing mobility services provided in central areas. The eScooters are available in a number of major European cities, including Berlin, Paris and Madrid. They can be used around the clock and are easy to find, reserve and drive. They are a flexible and affordable alternative to public transport and cars.

What you will be working on:

- Work on Data Security within COUP and ensure all employee hardware and software is compliant with our IT- usage guidelines
- Onboard and off board new employees and ensure they have adequate rights and roles assigned using permission management system
- Define hardware configurations and setup for new employees and update them continuously
- Provide technical support and training for employees as well as troubleshoot and fix IT issues that come up
- Support with internal tool administration, routine updating of tools and services, setting up of physical environment for technical projects, etc.
- Software license management and renewal as well as coordination
- Coordinate data privacy and compliance evaluation of IT tools across the organization
- Review current IT landscape and proactively work on recommendations for COUP
- Drive projects with regard to central permission management, compliance and security response planning

We get truly excited about hiring you, if you:
